Packing & Loading Notes

- One complete grill unit per export carton. All cartons are palletized with export-standard pallets for safe container loading.
- Gross weight includes the grill lid. Carton dimensions are the outer packing size.
- The PRO 40-skewer model is packed in the vertical-panel configuration (74 cm carton).
- Pallet quantities for 50 / 100 / 200-unit orders are rounded up to full pallets.
- Maximum loading quantities are calculated for standard 20GP and 40GP general-purpose containers. Actual loading quantities may vary slightly due to the pallet plan and minor packaging adjustments; the quantities stated in the final contract and packing list shall prevail.
- OEM / ODM packing and private-label cartons are available for volume orders.
